

I have lived in West University since 1985 relocating from Seattle, Washington after living there eight years. I grew up in the San Francisco Bay Area. I received my undergraduate degree from the California State University in Environmental/Political Science and my Graduate degree in Public Administration and Environmental Management from the University of Washington, Seattle.

Before being licensed as a Realtor® in 1989 and opening Ayers & Associates, Realtors in 1994, I was the Director of an Environmental Laboratory here in Houston for 10 years.
