

Margo Cunningham grew up and worked in Manhattan in the '70's - a very exciting time. She has a BA in Political Science from State University of New York in Binghamton as well as a Masters in Counseling Education from Boston University. She then somehow began working in radio and television production in NY and LA – also quite exciting. She and her husband Pat began buying condos and houses, renovating them and decorating, selling them and moving once again . It was challenging. Then she found her passion. She became a Realtor and began to match houses with people and people with houses. And there were great connections, and new friendships, and referrals, and...Moving to Houston with two weeks notice in 1999 gave her some new insight into the real meaning of relocating. She found that the changes that were occurring in her life and in the lives of Pat and their three sons were challenging and exciting at the same time.

After a few years of settling in, and developing new friends, she once again became a licensed Realtor. Thanks to those friends and their referrals, she became a Top Producer.

As a sales associate with the John Daugherty team, she is so excited to be part of this great company of true professionals. It enables her to reach new heights and depths in our community, and to give back more than ever. John Daugherty is a name that is highly regarded and is associated with integrity, reliability and creativity.

Margo Cunningham loves to educate relocation buyers to the nuances of living in Houston. She is happy to show her buyers why she loves living in Houston. She has helped clients move up, downsize, move in and move out. Margo is a:
