Are you looking for easy living in a small town? This is the home for you! This home is fully updated and on a great corner lot in the heart of Navasota. New windows and PEX plumbing throughout the home. The kitchen, laundry, pantry, and baths were all reconfigured for better usability. Designer touches throughout the home. Leathered granite counters, a waterfall island, and a 6-burner gas range give you a modern, updated home. The walk-in laundry room and walk-in pantry were part of the reconfiguration to give more space for both. Both bathrooms were updated with new layouts and fixtures. The herringbone-patterned tile flooring flows throughout the home, giving a seamless transition. Additional features include a detached shop with electricity and a concrete floor. Good-sized lot and green space; you can make or add what you need. The seller will go over any details or questions. Back on the market after the buyer's contingency sale of their home fell through.
