Set in one of the area's most sought-after locations, 25-acre property offers rare combination of presence, privacy & thoughtful design. As you enter the drive, oversized pond & majestic live oaks create sense of arrival. Home sits high on a hill, overlooking rolling countryside, w/views that stretch well beyond the acreage itself. Land has been meticulously maintained & the manicured tree line at the back gives the property depth that makes it feel closer to 50 acres than 25—open, expansive & quietly impressive. 3,449 SF home was designed w/intention. Large open kitchen & living area anchor the space, complemented by 3 bedrooms, dedicated office in a split layout & separate game/flex space. Flow is functional, while construction & finishes carry timeless charm. Outside, improvements are equally considered: barn w/tack room & horse stalls, 2 water wells, workshop, climate-controlled greenhouse & oversized 3-car garage. Property of scale & quiet grandeur.
