Positioned near the intersection of FM 1960 and FM 2100, this 4.43-acre property presents an outstanding opportunity for residential development in the rapidly growing Huffman area. The site benefits from City of Houston water and sewer service at the property frontage, providing essential utilities and simplifying the path to development. With capacity for approximately 31 to 41 single-family homes, the tract is ideally suited for a residential community. Partially cleared and development-ready, this property combines an excellent location, available infrastructure, and manageable site preparation—making it a prime choice for builders seeking to deliver new housing in a high-demand market.
