They Don't Build Them Like This Anymore! 4,512 square feet on 0.6 acres with mature oak trees and a heated pool — solid mid-century construction, maintained by only two owners since 1960 and thoughtfully renovated in 2020. Improvements include updated electrical; PEX plumbing and drain lines; gas lines with whole-home generator readiness; a whole-home water filtration system; PVC sewer lines to the city; HVAC units with UV air purification and updated ductwork; water heaters; double-pane windows; sprinkler system; Sentricon termite protection; and mosquito misting system. Hardwood, marble, and tile flooring complement custom cabinetry, designer lighting, and a chef's kitchen featuring marble countertops, a butcher-block island, and a Thermador appliance package. Set on a sizable in-town lot with convenient access to grocery shopping, the recreation center, post office, and neighborhood elementary — within a welcoming, family-oriented neighborhood.
