3 BEDS, 2 FULL BATH(S)

Look no further. This ranch style home has lots of rooms. The single car garage conversion gives lots of extra space to make with what you want. The tax records are wrong, it is really a 3 bedroom. The 2 bonus rooms with no closets came from this conversion and you can make as bedrooms or make them into another office or more storage. There is a dining room, living room, office area, extra large eat-in kitchen, wood burning fireplace, and ceilings fans. The nicely built carport makes parking easy and close. The big backyard on this .297 acre property even has a lot to offer. Enjoy friends and family gatherings with ease with all this space. Not only is there lots of space and a covered deck, but there are double gate doors to access the yard if you need it for your utility vehicles, boats, R.V. etc. ...All information is deemed correct but not guaranteed.
