## SINGLE-FAMILY, 1 BEDS, 2 FULL BATH(S)

Did not flood during Harvey ! This unique gem of a house was recently featured in Coast Monthly magazine. A to-the-studs renovation transformed its former fishing shack persona into a well-appointed home that packs a big design punch for its compact size. The rehab is contemporary design but maintains the original character of soaring ceilings, fireplace, monolithic brick chimney, and sleeping loft with water views. On both levels multi-paned doors slide open for panoramic views and indoor-outdoor living. Design meets function in stainless railings, sealed concrete floors, and two sleek bathrooms. The kitchen sparkles with white shaker cabinets, black granite, a glass tile backsplash, and stainless appliances. Other perks: on-demand water heater, remote-controlled hurricane shutters, new roof. Outdoors, an inviting oasis awaits. Relax in your hot tub on the sheltered patio that overlooks a lush lawn and garden with tropical plantings.
