SINGLE-FAMILY, 3 BEDS, 2 FULL BATH(S)

Experience the charm of country living at its finest in the highly coveted Hillcrest Village. This ranch-style home, originally built in the 1960s, underwent a significant transformation in the 90s with an addition of a full master suite. At that time, the living area walls were opened up, resulting in a more inviting & spacious family environment. The entire home features freshly painted walls, baseboards & trim, newly installed blown-in insulation, & new LVP flooring throughout. The master suite is a luxurious retreat, complete with a gas-burning fireplace, jacuzzi tub, separate shower, & an expansive walk-in closet with built in shelves. The kitchen is generously sized & open, showcasing custom-built cabinets with convenient pull-out drawers plus a built-in pantry located in the utility room; recently replaced appliances includes a refrigerator. This home has been cherished, filled with family memories, and is now ready for the next family to create their own.
