A rare 3.63-acre waterfront lot tucked at the end of a cul-de-sac in The Hollows — one of Lake Travis's most coveted communities on the North Shore. Sweeping lake views, end-of-road privacy, and public sewer, water, and utilities already in place. This cleared, buildable property is a true blank canvas ready for whatever you're imagining: a modern retreat, a family compound, or an architectural statement that does justice to the setting. To make it even more turnkey, a full set of architectural plans is available and included with the purchase — an immediate head start on bringing your vision to life. Homesites like this — views, acreage, privacy, and infrastructure all checked — don't come around often. Natural beauty and a resort feel, with the city well within reach.
