SINGLE-FAMILY, 3 BEDS, 2 FULL BATH(S)

So you want new? This is as close as it comes. 85 Santar Loop is in a beachside subdivision with a shared walk-over to the beach. This area is loved by its residents and those who vacation here alike. The owners have redone the home inside and out. The new siding is SmartSiding, recommended by the engineer they worked with. The roof has been replaced, all the plumbing is new and put in the attic. The floors are porcelain tile. The bathrooms have new toilets...and much more. When you walk in off the deck, you walk in to the open living/kitchen area. There is a dining area to the right. The washer/dryer hookups are off the living room. And to the right rear, is the master bedroom with a private bathroom and access to the back deck. Off the living room to the left is another bedroom, the guest bathroom, and a 3rd bedroom to the rear. This is a primary resident. Please call for showings.
