RESIDENTIAL LOTS

Located at an intersection of Flour Bluff Drive and Don Patricio Rd, this 0.26-acre (11,517 sq. ft.) commercial corner lot offers outstanding visibility and access in one of Corpus Christi's busiest corridors. With a daily traffic count of over 15,000, the site provides an ideal setting for retail, office, quick-service restaurant (QSR), or medical development. The flat topography, dual frontage, and availability of utilities at the street make this property shovel-ready. Surrounded by residential neighborhoods, schools, minutes from NAS Corpus Christi, South Padre Island Dr (SPID), and Corpus Christi beaches, this is a high-demand area with strong long-term growth potential. A rare opportunity for developers and investors to secure a strategic footprint in the heart of Flour Bluff (Corpus Christi, TX). There is no building on these lots. This is vacant land zoned as commercial.
